SESSION I – Choose one workshop

- **You've Been Elected as an Elder** – Linda Boldt

Now what? Take a crash course in the beliefs and responsibilities underlying the office of Elder as well as practical tips for chairing committees, recruiting volunteers, and more. Go home informed and ready to be the most effective elder you can!

- **Equipping the Clerk** – Michael Lukens

This workshop will offer an opportunity for both new clerks and experienced clerks to discuss the functions of the clerk, expectations, minutes and other records, as well as an open time for questions and mutual concerns.

- **Imago Divina: Artful, Faithful And Legal Worship Projection** – Susan Phillips

Visual arts are one way we praise God and glimpse the Holy. We create because we are made in the image of the Creator. Projection in worship, like any other worship art form (music, liturgy, ritual, preaching), can point us to the one we worship. We will discuss image search methods, possible worship technology priorities, negotiating media with a congregation, licensing/copyright issues and building the team necessary to pull these together. Effectively using any method to communicate the transformative presence of the Living God should be our goal.

- **Being a Church for All Generations** – Marilyn Paulson

We are all joined together in a community of faith as one body in Christ for all generations. Given this reality, how do we link each generation into the whole community? This session will explore generational characteristics, and will discuss ways to create a Christian community for all generations.

2:00 p.m.

Treasurers are entrusted with the safekeeping of congregants' gifts for the work of the church. We will consider how to protect the funds as well as the keeper of the funds. The workshop will also offer some of the basics for remitting mission, per capita and special offering funds.

- **Being a Church for All Generations** – Marilyn Paulson (This is a repeat of the 1st session)

We are all joined together in a community of faith as one body in Christ for all generations. Given this reality, how do we link each generation into the whole community? This session will explore generational characteristics, and will discuss ways to create a Christian community for all generations.
